INSTRUCTIONS

Concerning the Election of School Trustees.

1. The election shall be held at the School House in which white children are taught. The polls shall open at one and close at five o'clock in the afternoon.
2. The election officers consist of a Clerk and two Judges. Should any of the appointed officers refuse to serve, or fail to appear for service at the proper time, those present may elect one of their number having the requisite qualification, to serve instead.

3. The voting shall be by secret ballot—no booth needed. The voter may vote for the same printed on the ballot by making a cross mark in the square at the right of the name voted for, or he may write another name on the vacant line below, and mark as above. In case there is no name printed on the ballot, it is the privilege and duty of the voter to write some one's name on the ballot and vote as directed above.

Do not fail to elect a trustee. If the election officers have not been posted, hold the election as though proper notice had been posted, in order that a trustee may be elected and that the people may not be deprived of their right to choose a trustee.

4. All male persons 21 years of age and over, who shall have resided in the sub-district (sub-district means school district as now laid off) for sixty days next before an election, and are residents of Washington county, shall have the right to vote at such election. New School Law.

5. The clerk of the election shall countersign the ballots before delivering them to the voters, and keep a corresponding number and record on the ballot stub-book of the votes. The judges pass on the qualification of the voters, deposit the ballot in the box, count the ballots at the close of the polls, issue a certificate of election to the successful candidate, replace the ballots in the box, lock it securely, and return all to the County Superintendent on or before Tuesday, August 10, 1909. One judge may return the ballot box; not necessary for both to come.

The boundary line of the sub-district has been sent to the Chairman of the Board of Trustees, with a request that that office furnish the election officers a copy of it, in order that the latter officers may determine the legal voting residence of the person offering to vote.

Lived 152 Years.

Wm. Parr—England's oldest man—arrived the third time at 120, worked in the fields till 122 and lived 39 years longer. People should be youthful at 80. James Whight of Sparrow, Ky. shows how to remain young. "I feel just like a sixteen year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of Electric Bitters convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly, nervous or old people. Try them. 50c a bottle. Robertson Druggists.

Jefferson Davis' Daughter Dead.

A Colorado Springs dispatch under date of July 15, follows: "Mrs. J. Addison Hayes, daughter of the late Jefferson Davis, president of the confederacy, died tonight at her home in this city after an illness of several months. Mrs. Hayes was the wife of J. Addison Hayes, president of the First National Bank, of this city. Many messages of inquiry were received recently from friends throughout the country who had gained the impression that Mrs. Hayes was suffering from cancer. The cause of her death as announced by the attending physicians, was a complication of diseases. Mrs. Hayes, the last of the family of the late president of the confederacy, after the death of her sister, Miss Winnie Davis, at Richmond, Va., made a trip south a few years ago, when she was made a daughter of the confederacy in her sister's stead.

Her mother, widow of the southern president, died in New York about two years ago. Mrs. Hayes is survived by two sons, Jefferson Hayes Davis and William Hayes, and two daughters, Lucy and Mrs. Virginia Webb, wife of Dr. Gerald B. Webb, of this city. Jefferson Hayes Davis bears the name of his grandfather through a special act of legislature.—The Commonwealth.

If you have pains in the back, weak back, or any other indication of a weakened or disordered condition of the kidney or bladder you should get DeWitt's Kidney and Bladder Pills right away when you experience the least sign of kidney or bladder complaints, but be sure that you get DeWitt's Kidney and Bladder Pills. We know what they will do for you, and if you will send your name to E. C. DeWitt & Co., Chicago, you will receive a free trial box of the kidney and bladder pills. They are sold here by Red Cross Drug Store.

Counterfeit Certificate.

The secret service has discovered a new counterfeit \$20 gold certificate, which is similar to the one discovered in March, 1908. The words "in gold coin" on the face of the note are printed in gold tint, which is characteristic of the first issue of gold certificates of the series of 1908. These bogus notes have been circulated principally in Cuba, but a number have been located in New Orleans, where a Cuban was recently arrested with \$100 in spurious money on his person the most of which was in the certificates. The yellow tint on the back of this note is of much deeper shade than the genuine, and the mechanical and tinting mark is so poorly done that it would not deceive any careful handler of paper money.—Ex.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, who life was in constant danger from wild beasts. Today the danger, as shown by a W. Brown of Alexandria, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Croup, Croup, whooping Cough, and prevent Pneumonia, is the best medicine on earth. 50c and \$1.00. Guaranteed by Hayden & Robertson. Trial bottle free.

Kentucky to Show Corn.

M. C. Rankin, commissioner in the department of agriculture labor and statistics has been appointed vice president for Kentucky of the National Corn Association and announces that the state will make an exhibit at the National Corn Exposition in Omaha, December 6 to 18. Arrangements were made at a conference of Corn Association officials with Mr. Rankin in Frankfort this week and it is expected Kentucky grain will take a high place and win many of the prizes in the list worth \$50,000 which is offered at the show in Omaha. Mr. Rankin has one hundred or more boys

growing corn from pure seed. They will show this in an exhibit to be held at the Kentucky state fair grounds and then the best will go to the National show.

As is well known Kentucky stands high as a corn producing state when acreage is considered. It is the hope of Mr. Rankin and his co-workers to bring the average yield per acre up to among the best in the United States.

Farmers in Good Shape

A number of tobacco raisers were in town Saturday to participate in the distribution of the \$55,000 equity money which was made. There was no scramble for the money, and many in the pool did not come to town at all owing to the busy season, but structured their bankers to simply give them credit for the amount due them. The fact is, Fleming county farmers are better off financially than they ever have been before. The time was when most of the farmers carried mortgages on their farms in the fore-part of the nineties, but they now mostly have their farms paid for and carry good bank accounts.—Fleming Gazette.

Court House in Danger

The Richmond Climax is authority for the statement that when the Madison county court house was erected "before the war," a five gallon keg of whiskey was placed in a receptacle at the base of each of the huge columns that ornament and support the front of the structure. That happened in the good old days when whiskey was whiskey. Since Richmond and Madison county became local option territory there have been grave apprehensions that the Madisonians would awaken some fine morning and find the court house wrecked and the whiskey gone. As Editor Landrum remarks: "Who wouldn't dig through a cement pillar to get a drink of that whiskey?"—Shelby Sentinel.

Are Doctors Any Good?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently, trust him fully. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you. Ask your doctor. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass. If we did not believe doctors endorsed Ayer's Pills for constipation, biliousness, sick headache, we would not offer them to you. Ask your own doctor about this.

FIRE

Destroys Valuable Property in Washington County.

Friday was something of an unlucky day in the way of fires. Early Friday morning during the rain and electrical storm the fine stock barn of Mr. E. S. Mayes, Jr., just outside the city limits, was struck by lightning and caught fire. When discovered, the fire had gained such headway that it was impossible to save the barn. The fire department of Springfield, however, was called out, and while the barn was located a considerable distance from the nearest water main, would have been able to have saved the barn had they reached it sooner. Mr. Mayes will be quite a heavy loser as the barn was a good one. He also lost a fine buggy horse worth \$200 and a fine Jack valued at \$500 as well as a large amount of hay. The damage is estimated at \$1,800, with insurance of \$700 on the barn and \$100 on the stock.

That night at about 12 or 1 o'clock some young men returning from the Proctor Knott Chautauque discovered fire in the store of Mr. W. T. Phillips, in the Texas neighborhood. The alarm was given and an attempt made to enter the building but it was found that the entire interior of it was in flames. The house belonged to the estate of the late Mollie E. Drane and was valued at about \$500, with no insurance. The stock of goods of Mr. Phillips was valued at about \$1,000, with only \$500 insurance. The origin of the fire is unknown.

Big Insurance Company

W. H. Gregory, president of the Citizens' Life Insurance Company; Helm Bruce, the general counsel of that company, and a number of the other officers have announced their plans for organizing in Kentucky a ten-million dollar life insurance company. The company is to have five millions of surplus, and the promoters declare its purposes will be to write life and to reimburse other companies.

Its charter will authorize it to write both participating and nonparticipating insurance. According to President Gregory's announcement, the home office and headquarters of the new company will be located in Louisville, but its legal home will be at Beechmont or some other incorporated town outside the city limits of Louisville. The purpose in incorporating the company outside the city of Louisville is to save city taxes, which on such corporation as is planned would amount to thousands of dollars a year.

Mr. Gregory says that the organization of the company will be a big thing, not only for the city of Louisville, but the state of Kentucky, as it will give to the city and State one of the largest life insurance companies in the world. He says that it will become a good feeder for the banks of the State and the entire South, and will aid in making Louisville a financial center just as the big Eastern life insurance companies have made the banks of New York dominant powers in the financial world. The people of Kentucky alone are now paying for ordinary life insurance more than six and one-half millions of dollars annually, and he says the interest earnings on this sum alone if kept at home would be of untold advantage to the State.

Louisville Herald Sold.

The Louisville Herald appeared Sunday morning under new ownership. For some weeks negotiations have been in progress for the transfer of the control of the paper to other hands than those that have directed its policy during recent years. These negotiations came to a mutually satisfactory termination Saturday afternoon, and J. C. Shaffer, of Chicago bought the property.

The following statement has been given out by Bernard Flanner, of the firm of Flexner & Campbell, attorneys, through whom the business was transacted by which the transfer was effected, speaks authoritatively for all parties concerned in the matter.

"Mr. J. C. Shaffer, of Chicago, has bought a controlling interest in the Louisville Herald. The negotiations that have been pending for some time were concluded Saturday afternoon on a basis entirely satisfactory to all interests. Beginning with the issue of August 1, the paper will be published under the direction and control of Mr. Shaffer. 'Mr. Shaffer has had wide experience in the newspaper field; he is the owner of the Chicago Evening Post, the Indianapolis Star, the Muncie Star and Terre Haute Star. In national affairs, I understand, the Louisville Herald will support the policies of the national administration. In local matters, so I am informed, the editor will take time to advise himself, it being the purpose of Mr. Shaffer to support those men and measures that will best serve the people's interest.'"

Fine Farm for Sale.

One good farm containing 100 acres. 2 good dwelling houses, 1 new seven acre tobacco barn. Located four miles from Williamsburg on Long Creek Road. Price \$15 per acre.

GEORGE COLVIN, Williamsburg, Ky.

Thrilling Experience.

Tom Thompson, the well known Raywick farmer and stock trader, had a thrilling experience while enroute to this place Wednesday morning. When he reached Prater's creek on the new road, about a half mile from his home, he saw that the stream had been considerably swollen by the heavy rain that had just fallen, but he did not think it would be a hazardous undertaking to cross it. When almost in the middle of the stream the current began to slowly carry his buggy down the creek. The vehicle had been carried but a few feet when an obstruction of some kind was struck, and every spoke in the hub of one of the rear wheels was torn out. This, of course, led the buggy down, and the swift water quickly overturned it. Mr. Thompson jumped out into the water and succeeded in extricating his horse, but he was not without difficulty that the animal was saved. The horse was swept down the stream and under a water gate, and it was several minutes before it was finally rescued. Mr. Thompson was uninjured, but the buggy which was a comparatively new one, was badly damaged.—Lebanon Enterprise.

New Railroad.

Since the L. & N. bought the Louisville and Atlantic from Versailles to Beattyville an extension is to be built from Frankfort to Versailles to connect it with the L. & N. system. Now comes the news that the Southern will also build a road from Frankfort to Lawrenceburg. Both of these roads will be valuable in the development of Kentucky and they will probably be built this year.—Ex.

Two Unhappy Marriages.

Maggie Morton has filed in the circuit court suit for divorce from her husband, John P. Morton, alleging abandonment. They were married in this county in November, 1894, and have two children, Archibald Joseph and Mary Viola, of whom she asks custody and control. The abandonment occurred, it is charged, more than five years ago, since which time the plaintiff and defendant have not lived together. He is now in Georgia.

Alleged abandonment

Timothy King has sued his wife, Lizzie King, for divorce in the circuit court. They were married December 29, 1898, and lived together until June 1908 when the petition recites, the defendant, without fault of plaintiff fled from him. They are residents of Marion county.—Lebanon Enterprise.

Couldn't Turn It.
The eye of little Willie's teacher was
and had been, for some time, so
that he was her favorite pupil, he stood
before her convicted of the heinous
charge of a theft of candy from a fe-
low pupil. It was a first offense, how-
ever, and she did not desire to in-
fer a punishment. A moral lesson
she thought would fit the case.

"Dear in mind, Willie," she con-
cluded, "that these temptations can be re-
sisted. If determination is firm, the
ways turn a deaf ear to temptation."
Little Willie's lip trembled.

"But, teacher," he answered, "I can't
get a deaf ear."

Making Hubby Appreciative.
A doctor tells of a wife he received
from a woman saying that her hus-
band, who was about to make him in
professional call, found constant fault
with the dinner she prepared for him.
She appealed to the physician for aid.
The doctor examined his patient, who
had a slight attack of indigestion, and
told him to eat out of luncheon, to eat
nothing but a slice of toast and a cup
of tea. The husband was overjoyed.
He, of course, hubbly returned home in
the evening, ate everything in sight
and told his wife's cooking even bet-
ter than mother used to make. —Hester
Record.

Thrifty.
A Scotchman and his wife were trav-
eling from Leeds to London by train.
When off the Yorkshire coast a great
storm arose, and the vessel had sev-
eral narrow escapes from foundering.
"Oh, Sandy," quipped his wife, "it's
a case of death, but I don't care to
die at sea."

"Dinna think o' death yet," answered
Sandy, "but when ye do, ye'd better be
dressed at sea than anywhere else."

"An' why, Sandy?" asked his wife.
"Why?" exclaimed Sandy. "Because
ye wouldn't cost as much to bury."

Good Advice.
